

## HILTON HALL COMMUNITY ASSOCIATION. GROUNDS MAINTENANCE & GRASS CUTTING: 2<sup>nd</sup> APRIL 2018

The Grounds Maintenance and Grass Cutting on the Whole of the Hilton Hall Site is now being done by Volunteers. This work has been expertly done by Denis Robinson & his Team since the City of Wolverhampton Council withdrew their Grass Cutting Services a couple of years ago. The Grounds & Football Fields are in great shape and excellent condition thanks to the dedication and goodwill of our Volunteers (Denis, Chris & Team). The HHCA Management Team carry-out regular weekly 'Litter Picks' to help keep the Site Clean & Tidy.

The photographs below show the 'Before' & 'After' photos of the Wild Meadow Flowers Rockery. The photo on the left shows the type and amount of Litter that is discarded on Hilton Hall Premises on a regular basis. Yes, it is quite disgraceful and annoying – especially as we managed to get three Litter Bins installed at Hilton Hall (that are regularly emptied). The second photo (on the right) shows our latest Litter Pick carried-out on Wednesday 4<sup>th</sup> April 2018. Our Volunteers spend hours each week picking-up Litter & Rubbish from around the Site left by who-ever these shameful and lazy Litter Louts are. They clearly have no conscience, common decency nor social manners, or any Pride in where they live.
